Comments:

The advanced pain trainee attends chronic pain clinics and acute pain word rounds, in addition to intervention lists.

In Leicester General Hospital

The trainee also has access to and attends specialized clinics, namely:, facial, pelvic, in addition to a joint clinic by psychiatry , a pain for chronic pain patients dependent on opioids in addition to intervention lists (including cancer) . The trainee has access to PMP, psychology and physiotherapy clinics.

The APT also attends rheumatology, neurology, and spine orthopaedic clinics

Leicester Royal Infirmary

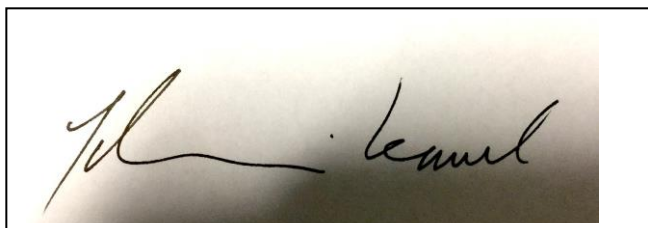

The trainee has access to Paediatric pain clinic and inpatient pain ward rounds.

For neuromodulation experience the trainee attends in QMC in Nottingham both clinics and intervention lists.

LOROS

For experience in cancer pain the trainee attends pain clinics in the local hospice, LOROS.

All of this to teaching sessions and journal club. The trainee is expected to attend and participate in all of the above activity, in addition to courses and preparation for the FFPM exam.

A rectangular box containing a handwritten signature in black ink. The signature appears to be 'M. Leavel'.
