Comments:

Royal Liverpool and Broadgreen University Hospitals

The advanced trainee at RLBUHT works with the acute and chronic pain service across the Royal Liverpool and Broadgreen hospitals. The trainee attends the MDT at the Linda McCartney Centre on the Royal Liverpool site and works at the Marie Currie and St John's Hospices. There is access to individual and group psychological work at RLBUHT and the trainee also attends the PMP at the Walton Centre. Paediatric pain is provided by monthly MDT clinics at Alder Hey. There also specialist refractory angina clinics, facial pain clinics and Alkaptonuria pain clinics at RLBUHT.

The Walton Centre

Trainee has access to PMP and individual psychological assessments, neuromodulation, advanced cancer pain management procedures. There are also specialist clinics for opioids, facial pain and pelvic pain at the Walton centre. The trainee also has access to monthly paediatric pain clinic at Alder Hey and attends the refractory angina service at RLBUHT. Acute pain experience is obtained at Aintree University Hospital.

Arrowe Park Hospital

The Arrowe Park Hospital advanced training post includes weekly sessions at the Walton centre and monthly paediatric pain MDT clinics at Alder Hey. Cancer work is provides at St John's Hospice and the trainee attends the refractory angina service for 1 week at RLBUHT.
